Overview:
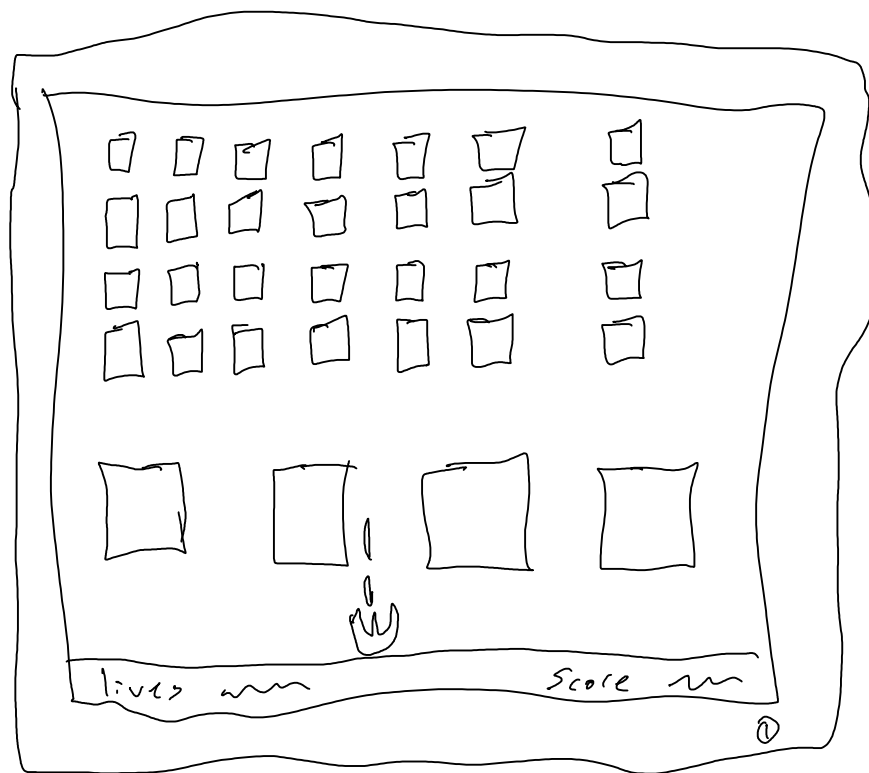

Space invaders is a side scroller type of game where invader FROM SPACE come and attack and you must destroy them and save the earth

Objectives:

The objective of the game is to destroy all of the invaders ships without dying. The ships will shoot at you though so you must avoid their shots while blasting them into oblivion!

Game Play:

- The game play will work with starting at a screen that counts down to 0.
- It will then be similar to the screen shot below. The user will press the left and right arrows to move in the respective direction. The user will then hit the space bar to fire a missile.
- The level will end when all invaders are destroyed. The next level will have enemies that shoot more and move faster.
- The game ends when the user dies.

About the Screen

This is not to scale, but, it is just like the original space invaders. The little squares at the top are enemies and are moving down. The 4 big blocks in the middle are destructible obstacles and the w looking thing is the ship. It will update the lives left and the score. On higher levels the bad guys will also shoot at you.
